1.

KC Green Holdings, attended CSR trend seminar

Last February 7th, the BISD of Korea Chamber of Commerce held the “recent domestic and overseas CSR trend and response measure seminar.” It consisted of 3 sessions including ‘notable CSR trend’, ‘enterprise’s CSR response and strategy plan’ and ‘panel discussion.’ Total 7 attended in this seminar from KC Green Holdings including Yeo Narae, in sustainable management team who is in charge of sustainable management and CSR, Seong Changje in management business team who is in charge of management strategy of partners and 5 winter interns who took the ‘sustainable management/ CSR of KC Green Holdings’ as their last tasks.

Social interest has been enhanced on the CSR recently. In particular, in 2017, the industrial development act was passed in Korea and the nationwide interest and significance in sustainable development of enterprises has been increased. Therefore, the seminar was a useful and meaningful moment. Through this seminar, KC Green Holdings made up mind to carry out sustainable, sincere and differentiated CSR activities. Internal discussion on specific CSR activities and cooperation of CSR activities with partners will be carried out further. (The end)

2.

Clestra Hauserman, held 2018 Asia Excom

2018's first EXCOM was held at the Sangam building. It was held for 2 days from February 7 where Korea, Japan, Hong Kong and China branches from Asia and France HQ participated. To discuss various plans for synergy between Asia and Europe, diverse agendas were discussed. On this basis, they set role of each corporations, active strategy and goals in order to expand market in 2018. In particular, thanks to the globalized market trend, network strengthening and action plan is expected to help each corporation to win global accounts of Google, Apple and Microsoft that are global clients of Clestra Hauserman. (The end)

3.

KC Green Holdings, trained KC Cottrell Vietnam in GW

For 2 days from February 8th, KC Green Holdings carried out new ERP training by Jang Seokyeon to employees of KC Cottrell Vietnam. On the first day, department administrator training such as account registration, schedule management, resource reservation and management was conducted. On the next day, new ERP education that is accessible not only from PC but also from mobile was carried out to all employees. (The end)

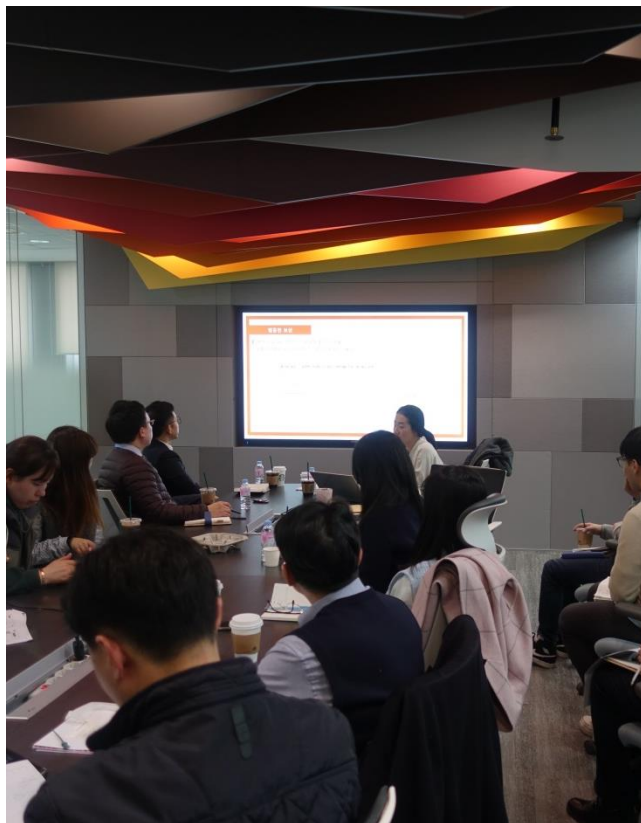

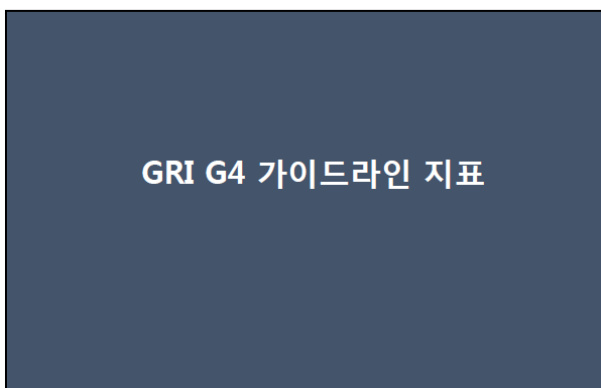

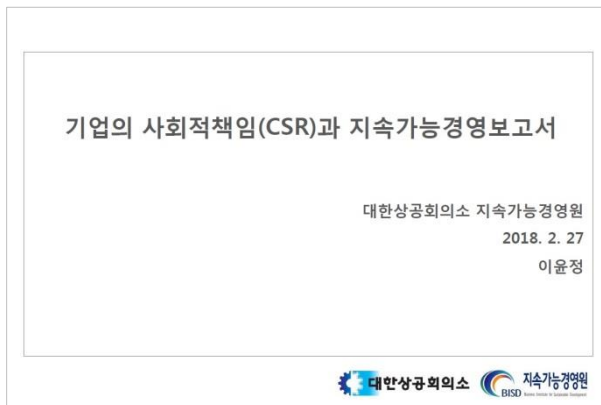

4. KC Green Holdings, Farewell party for interns

KC Green Holdings has performed annual winter internship program in order to help youth job employment and to help youth to have social experiences. The 2018 winter internship program was carried out for 2 months from January 2nd to February 23rd and 5 interns (Kim Seonkyeong, Kim Sanghoon, Kim Yejun, Shin Yejin and Lee Dohee) participated in the program. 4 were assigned to the strategic management team (Kim Seonkyeong and 3) and 1 was in the financial management team (Lee Dohee). KC Green Holdings provided education and field visit program for them to enhance understanding unfamiliar environmental industry and also assigned two project tasks. After completing the final task on the 22nd, KC Green Holdings' employees and interns visited Pyeongchang Winter Olympics and had a cheerful farewell party. On the 23rd, the completion certificate was awarded to them and the winter internship program was done. Time passed quickly. We hope that two months of experience would help their future. (The end)

5.

KC Green Holdings, trained network companies in sustainable management

KC Green Holdings has issued annual Sustainable Management Report from 2012 onward. The preparation and publication of the Sustainable Management Report is carried out by KC Green Holdings. Resources on actual management activities are received from partners of KC Green Holdings. However, as there is no education on the guideline of the Sustainable Management Report, staffs of each partner felt difficulties in data report. Accordingly, KC Green Holdings provided an education on the 27th day in order to help understand the sustainable management and to manage sustainable management activities coherently and systematically.

The education was taught by Lee Yoonjeong, a researcher of the BISD of Korea Chamber of Commerce with two sessions including 'CSR and Sustainable Management Report' and 'GRI G4 guideline index.' 16 staffs from 13 domestic partners that are subject to preparation of 2018 report attended the education. It is hoped that this education would help to develop the sustainable management activities of KC Green Holdings and partners systematically and integrally. (The end)
